

Rapid Response Monitoring

Immediate Signal Reporting: Automated Notification by Text (SMS), Email or Secure Group Chat (CHAT) Services

We provide a free service which can notify you, as well as others designated by you, of signals transmitted by your security system and received by our monitoring service. Notification is automatic, made in Real-time –as the signal is processed, and utilizes text messaging and email services provided by your carrier. *

Step 1: Provide your Dealer Number and Company Name:

Dealer Number _____ Company Name _____

Step 2:

- a) Indicate for Which Type of Signals You Are Requesting Auto-notification and Transmission Types to be used.
- b) Indicate Whether Notification Is Made 'In Addition To' [+] OR 'Instead Of' [-] Verbal Notification.
- c) Indicate Request for a Daily Report.

			Choose + <u>OR</u> -			
Signal Type: High Priority	EMAIL	SMS	CHAT	[+]	[-]	Report
